LINKED LEARNING

Connecting the Classroom and Home

Topic:
**Narrative
Writing**

IN CLASS WE ARE:

- Revising our understanding of a narrative having a beginning, middle and end.
- Starting a narrative with a bold sentence to capture the reader's attention.
- Learning to plan the details of a story before writing.
- To include descriptive writing including similes and metaphors.
- Understanding how narratives have complications and resolutions.

At home you can:

- If your child has the time encourage them to use their imagination and write a story.
- If your child is having difficulty coming up with a topic to write about have them re-write and change the ending of a movie they have watched recently.

Vocabulary used:

- Characters
- Complication
- Description
- Resolution
- Setting
- Sequence

Real life connections/ Cross-curricular learning:

- When reading a book with your child have a discussion about how the author wrote the story. Discuss the characters, setting, the time it takes place, the theme, complication and resolution.
- You could have a challenge when reading a book to find the 5 most descriptive words. Did you both choose the same words? Discuss how they helped create an image in your mind about the story.
- If your child prefers to write online they can type a fractured fairy tale <http://www.readwritethink.org/files/resources/interactives/fairytales/>
- A parent information sheet on reading and writing with your child <http://www.readwritethink.org/parent-afterschool-resources/tips-howtos/help-child-write-story-a-30593.html>
