TROUBLE SHOOTING

The editable PowerPoint and PDF resource is located in a separate folder should you wish students to use either file templates on a school computer for the purpose of printing this digital resource.

Please Read Before Use

- 1. SAVE WORK:** Ensure students save their work prior to leaving the computer or printing by using 'Save As' the 1st time they use this document. Afterwards, they can click 'Save' because the document has already made a separate copy.
- 2. DELETED ELEMENTS:** The document is flattened to prevent students from over-riding originals or deleting key elements of the document. If students do manage to delete an editable text box, first try the 'undo' button or 'CTRL Z' to reverse the error. If this does not work, they may need to begin again.
